## 1 Compression size D354

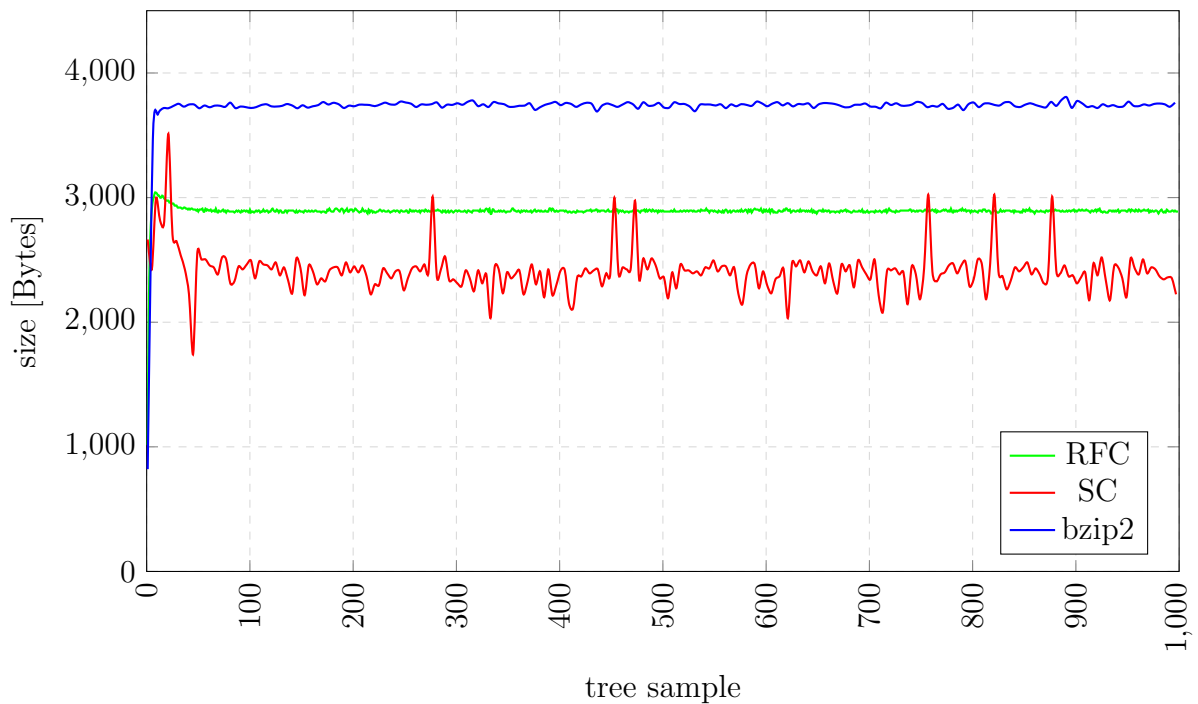

Figure 1: File size of different compression schemes for D354.

## 2 Compression size D500

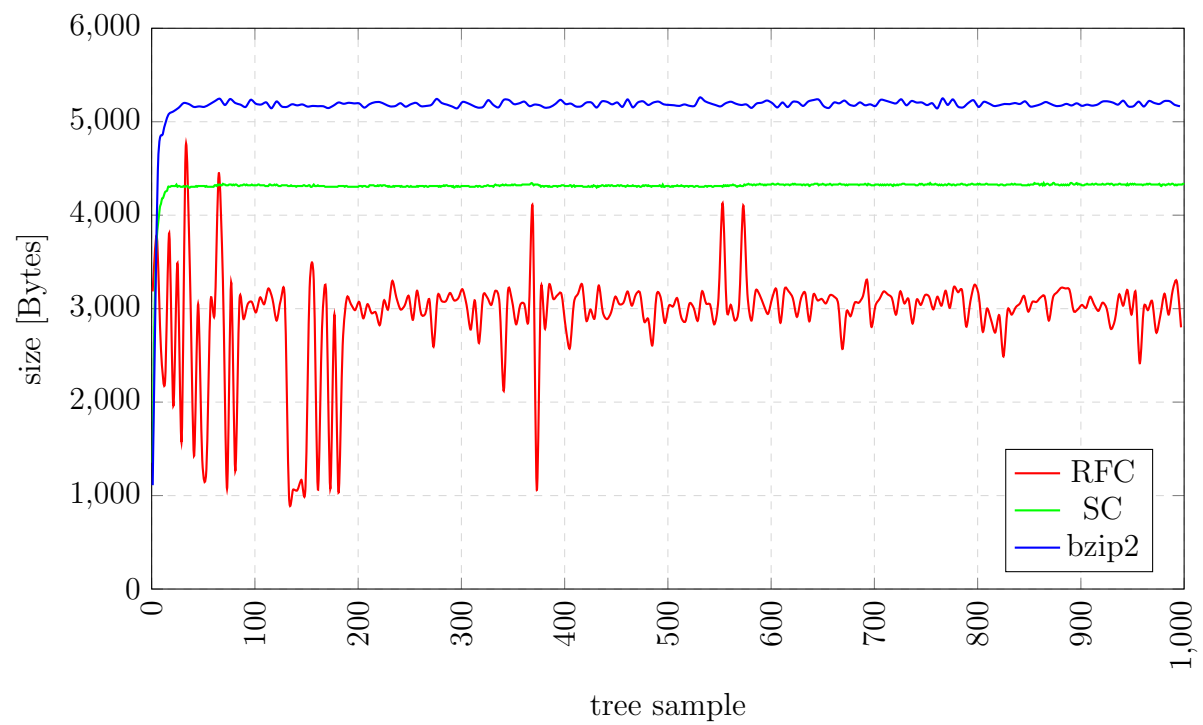

Figure 2: File size of different compression schemes for D500.

### 3 Compression size D500 only topology

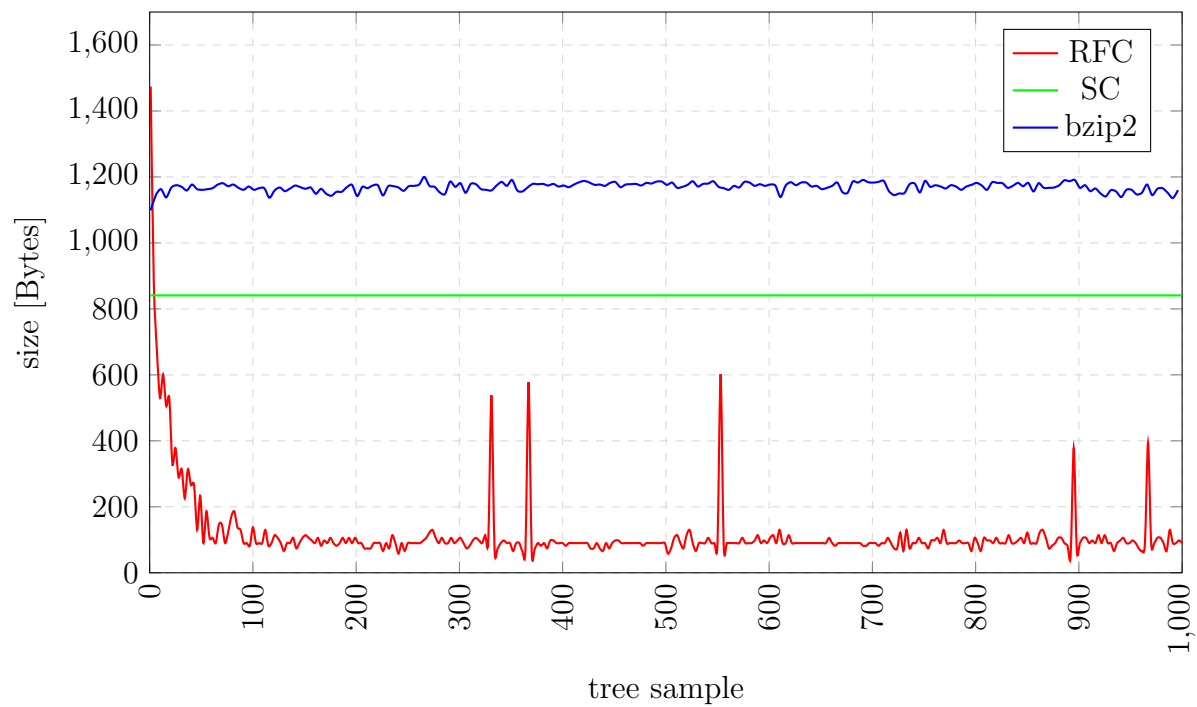

Figure 3: File size of different compression schemes for D500 on Newick trees without branch lengths.

#### 4 Compression times D500

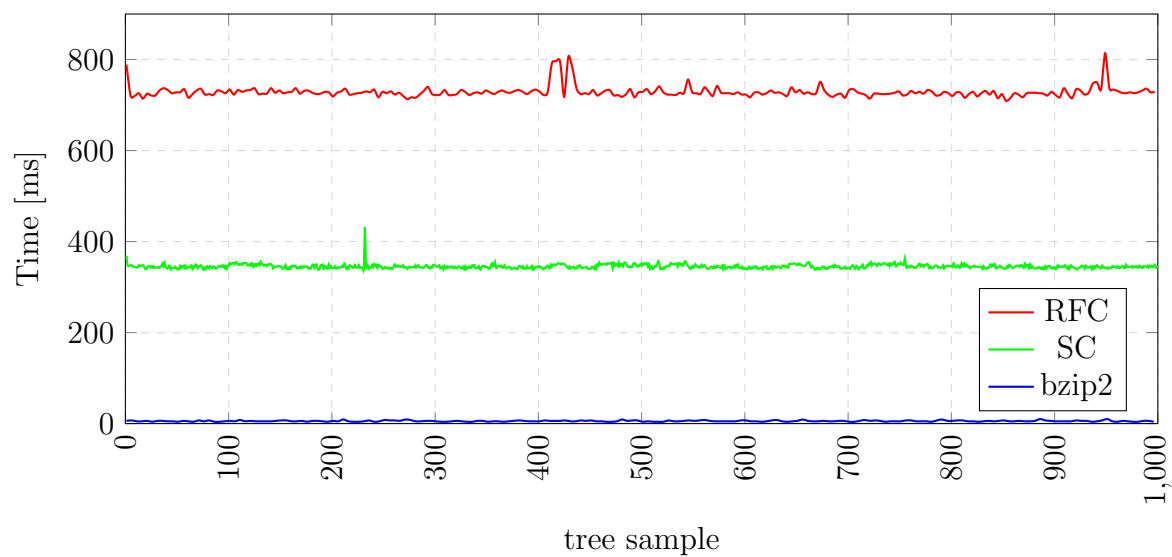

Figure 4: Compression times for D500.
